11. Bidders are required to complete and sign the Bid Form and Declaration of Conformity in their entirety and submit them, and any other required tender forms, to the closing address and location, or fax number stated therein, on or before the closing date and time stipulated on the face of the RFT bid form.

Questions regarding this RFT should be in writing and received by the Buyer at least 2 working days before the closing date and time. A response to any question received after this deadline is not guaranteed.
15. The GN reserves the right to make any amendment to this RFT at any time prior to the closing date and time, including amending the specifications and the closing date and time. Any amendments made by the GN to this RFT will be issued in writing and made available via automatic notification in an addendum format to those bidders who have registered and who have received the original documents from the GN tender website (<http://www.nunavuttenders.ca>). Bidders who do not register will not get the addenda.
16. Unless otherwise stated, equivalents to the items detailed in this document are encouraged. Where materials are required to conform to “Standards Specification” (i.e., CSA, CGSB, ASTM), or are described by a trade name, model or manufacturer, this is for the purpose of establishing and defining the nature and minimum quality acceptable and is not meant to prevent Bidders from offering alternative goods; nor does it preclude the GN from considering or accepting alternatives.
17. Where a “trade-in” is tendered in lieu of a specified item, it shall be identified in the Declaration of Conformity Bid form and the amount of credit offered for the trade-in must be stated separately from the quote offer for the required item(s). Trade-ins or alternatives may not necessarily be accepted. Bidders should question the Buyer in accordance with these Instructions.
18. In the case of an RFT for Mobile Equipment, the GN has relied on information provided by manufacturers to develop a specification for equipment with a specific purpose. 20. One of the priorities of the GN is to ensure that Nunavut, Inuit and Local materials, equipment and labour are used in GN contracts; therefore, the “Nunavummi Nangminiqqtunik Ikajuuti (NNI Regulations) applies to this RFT. The NNI Regulations permits Nunavut, Inuit and Local adjustments to the bid amounts of companies listed in the GN’s NNI Registry (www.nni.gov.nu.ca/search) or in the NTI Inuit Firm Database (<http://inuitfirm.tunngavik.com/search-the-registry/>). **For the purposes of ensuring the correct bid adjustments are applied, Bidders should indicate their NNI and NTI Registration Numbers on the RFT Bid Form.**
21. The Bidder warrants that its bid was submitted without collusion between itself and any other Bidder.
22. The GN’s “Access to Information and Protection of Privacy Act (Nunavut) S.N.W.T. 1994, c. 20” (the Act) will define the GN’s responsibilities with respect to any information received by it pursuant to this RFT process. Subject to the Act and any applicable law, tenders and all related information shall be treated as confidential and shall not be disclosed to any person except with the consent of the Bidder or Supplier and to the extent disclosure is required to fulfill obligations under this RFT or pursuant to any applicable law.
23. The GN’s contracting activities are undertaken with public funds, and are therefore subject to public reporting requirements. Annually, the GN releases a detailed Procurement Activity Report (PAR) which identifies the winning Bidder, the Purchase Order award method and award value along with other pertinent information.
24. Bidders may amend or withdraw their tender submission at any time before the stated closing date and time but not after. Amendments may be submitted by facsimile transmission in accordance with the provisions of rule 1 above, and should indicate only the applicable changes in such a manner that the total bid price is not revealed. **If bidding via the Nunavut Tenders Bid Box is permitted, Bidders may upload a revised Bid.**
25. Late, incomplete or misdirected Bids will not be accepted.
26. The GN is not liable for any costs of preparation or presentation of any Tenders. All Bids and accompanying documentation received by the GN in response to this RFT shall become the property of the GN and will not be returned.
27. Notwithstanding any other provision, a Bidder who submits a Bid in response to this RFT agrees that the GN’s liability for any claim for damages or compensation of any kind related directly or indirectly to a breach of contract or other cause of action arising from this RFT process, shall be limited to the Bidder’s actual Bid preparation cost. Bid preparation cost is the actual cost borne by a Bidder to prepare and submit its response to this RFT. By submitting a Bid to this RFT a Bidder acknowledges and accepts this limitation.

SHIPPING AND PRICING

28. Prices must include all charges for containers, packing and cartage to the FOB point and the GN shall not be bound to pay any additional separate freight or shipping charges not identified in the bid.
29. **The Bidder will, where applicable, accurately state the gross shipping weight, as well as the height, width and length of any shipment, in metric terms.**
30. Where one or more FOB points are identified in this RFT, prices and costs must be shown separately for each stated FOB point.
31. Freight rates shall be consistent with the GN’s contracted air freight and sealift rates which are available from the Buyer on request. For goods requiring marine transportation, the sealift freight rates contracted by the GN with sealift carriers apply. For goods requiring air transportation, the GN’s Standing Offer rates with air carriers apply. If additional information is required, it should be requested from the Buyer in accordance with the instructions herein.

EVALUATION AND AWARD

32. It is a condition of this RFT that any resulting contract award hereunder is subject to section 46 of the Financial Administration Act, as amended, which provides as follows:

“It is a condition of every Contract made by or on behalf of the government requiring an expenditure, that an expenditure pursuant to the Contract will be incurred only if there is a sufficient uncommitted balance in the appropriated item for the fiscal year in which the expenditure is required under the Contract.”
33. Bids shall be opened as soon as practicable after the stated closing date and time. Bids may be opened at a public opening in which only the Bidder’s name and price, amendments, and where applicable, bid security will be announced. Thereafter, Bids will be evaluated based upon the price, the responsiveness of the tender, the responsibility of the Bidder, and application of the GN’s NNI Regulations.

(please refer to this number when making inquiries)

34. Bids received by the GN on time shall, upon the closing date, remain valid, irrevocable and open for acceptance by the GN for a period of ninety (90) days.
35. The GN does not accept any condition, reservation, customary or otherwise, subject to which the Bidder may purport to sell, ship or deliver the goods other than those stated herein.
36. The lowest or any tender may not necessarily be accepted. If a Contract is to be awarded as a result of this RFT, it will be awarded to a compliant Bidder who is responsible, and has submitted a bid that after application of price adjustments permitted by the NNI Regulations, is lower than that of any other Bidder.
37. The GN reserves the right to make adjustments to a Bid following bid closing in accordance with the NNI Regulations by taking into account any information that will assist it in doing so, including by taking into account information obtained from the NNI Business Directory maintained by the NNI Secretariat and the Inuit Firm Registry maintained by NTI. For greater certainty, if the GN determines that a bidder should, or should not, receive a bid adjustment pursuant to the NNI Regulations, it can adjust the evaluation of the bid accordingly.
38. The GN reserves the right to accept or waive any minor informality or minor non-compliance with these Instructions to Bidders or other requirements; however, a substantial or material non-compliance shall not be waived.
39. The GN reserves the right to cancel this RFT at any time during this process, and to revise and re-issue new or similar requirements thereafter, for any reason whatsoever, without incurring any liability; and no Bidder will have any claim against the GN as a consequence.
40. Where the total Bid price is determined by unit pricing and estimated quantities, the Bid will be evaluated on the unit prices and estimated quantities rather than the total Bid price. The total bid price will be verified by the Buyer to confirm there are no mathematical errors in the Bidder's calculations. In the event of an error or discrepancy, the unit prices shall govern and the total Bid price shall be based upon the corrected mathematical calculation. The nature of the error will be considered in evaluating whether the bid is compliant.
41. The GN reserves the option of requesting complete details of the Bidder's warranty particulars and service capabilities. Failure to provide information sufficient to satisfy the requirements of this RFT may result in the Bidder bid being deemed 'Not Responsible' and disqualified from further consideration.
42. A Bidder found to be lacking the responsibility or capability to assure proper performance of the Contract, or delivery of the goods, may be deemed 'Not Responsible' by the Contracting Authority for the purposes of this RFT. A Bidder who has defaulted on a Purchase Order for similar goods within the last twelve (12) months may also be deemed Not Responsible by the Contracting Authority and prohibited from future RFTs until such time as the Bidder can satisfy the GN that it has corrected all documented deficiencies and grievances against it.
43. The Electrical Protection Act, R.S.N.W.T. (Nu.) 1988, c. E-3 (Nunavut) prohibits the sale, installation or use of uncertified electrical products in Nunavut. Therefore, any items or products provided by the Supplier that are electrical in nature or that are operated by electrical energy or contain electrical components must be certified by the Canadian Standards Association (CSA).

14. This Contract may not be assigned or sub-contracted by the Supplier, either in whole or in part, without the prior written consent of the GN. It is acknowledged that in the case of certain contracts, it is obvious that certain portions of the goods might only be obtained by the Supplier from a third party and in such an instance it shall not be considered to be assigned or sub-contracted for the purpose of this article.
15. In consideration of the Supplier's full satisfactory delivery of the goods governed by this Contract, the GN agrees to pay the Supplier, in full satisfaction, the sums tendered and agreed to as a result of the RFT process; subject only to the payment terms and conditions contained herein.

17. The Supplier will be responsible for obtaining all permissions, permits, rights, licenses and warranties from all agencies, levels of government and/or government departments, dealers or other suppliers, which may be necessary or required by any law in order for the Supplier to carry out the terms of this Contract.
18. All goods or materials supplied shall be new, of merchantable quality, free of any defects and deficiencies, fit for their intended purposes, and in complete conformance to the specifications, drawings, plans or samples specified in this Contract.

22. Title to any report, drawing, photograph, plan specification, model, prototype, pattern, sample design, logo, technical information, invention, method or process and all other property, work or materials which are produced by the Supplier in performing this Contract or conceived, developed or first actually reduced to practice in performing this Contract (herein called "the property") shall vest in the GN and the Supplier hereby absolutely assigns to the GN the copyright in the property for the whole of the term of the copyright.

47. The Supplier acknowledges that Nunavut frequently experiences severe weather, shortages in supplies and fuel, and interruptions of power service and communications that might constitute force majeure elsewhere, and the Consultant will plan for those eventualities as much as possible.

48. In the event a Force Majeure event occurs which delays or threatens to delay performance of its obligations by a party, that party shall give prompt notice to the other party and shall take all reasonable steps to eliminate the cause or ameliorate the potential disruption and consequent losses.
